#ESSO46

WELCOME LETTER

Dear colleagues, dear partners,

On behalf of the European Society of Surgical Oncology, we are pleased to invite you to participate in the 46th edition of our Annual Congress, which will take place from **10 to 12 November 2027** in **Vienna, Austria**.

ESSO 45 in Madrid coming November promises to be a fruitful reunion filled with fresh ideas and stimulating exchanges. We are thrilled to already have received **1,149 registrations** from **83 countries**. And with **1,317 abstract submissions**, a new record was hit. We will also welcome ESSO's new Board of Directors (2026-2028) and announce the society's updated strategy. So, what to expect next year?

The theme of the next year's ESSO Congress is "**Precision Care in Surgical Oncology**". Our Advisory Committee is currently working on an exciting scientific programme addressing advances in oncology and rapid development of AI, robotics, MI surgery, image-guided surgeons, digital health, data science and precision oncology, which fundamentally influence surgical oncology across the entire patient pathway. In this rapidly evolving environment, close **collaboration** between **clinicians**, **researchers** and **industry** is essential to **turning scientific progress** into **real benefits for patients**.

The success of the ESSO congresses would not be possible without the **vital support of our industry partners**. Over the years, we have cultivated strong, and lasting partnerships that have contributed to the growth and evolution of ESSO and its annual congress. **ESSO 46** offers industry the opportunity to **present innovative technologies and solutions** to an international audience of surgical oncology specialists.

To our existing partners, your continued commitment to ESSO is invaluable, and we look forward to building on this collaboration in Vienna. **To our new partners,** we welcome you at ESSO and hope that we can make an everlasting partnership.

We warmly invite you to join us in Vienna for ESSO 46, an inspiring meeting that celebrates innovation and global collaboration.
